Annual Avg. % change	242.737 2.2%	246.265 1.5%	248.639 1.0%	261.259 5.1%	283.666 8.6%	296.422 4.5%	305.187 3.0%		

The **South region** is comprised of Alabama, Arkansas, Delaware, District of Columbia, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

To determine the percentage of change from one time to another: divide the most recent monthly/annual average by the earlier monthly/annual average and subtract one:

Most recent/earlier – 1 = % of change
