¹ONB Preferred Checking is an interest-bearing account, the interest rate and annual percentage yield may change. At our discretion, we may change the interest rate on the account periodically. Interest begins to accrue no later than the business day we receive credit (collected funds) for the deposit of noncash items (for example checks). If the account is closed before interest is credited, you will not receive the accrued interest. We use the daily balance method to calculate interest on your account. This method applies a daily periodic rate to the Collected Balance in the account each day. The current APY for ONB Preferred Checking accounts accurate as of 2/1/2025 is 0.01% on account balances in all balance tiers. Fees may reduce earnings on this account. 2533225-0525-136
