### BARGE DESIGN SOLUTIONS — CHATTANOOGA, TN

<https://www.bargedesign.com/careers>

**Barge Design Solutions** is expanding our Geomatics & Survey team in the Chattanooga market and is hiring multiple full-time survey professionals. We are prioritizing experienced Survey Crew Chiefs while also hiring for several supporting survey and geomatics roles.

### FEATURED POSITION — SURVEY CREW CHIEF (PRIORITY HIRE)

Lead field survey operations on transportation, site development, utility, water, and environmental projects.

#### ROLE SNAPSHOT

- Lead and manage daily field survey crews
- Oversee GPS, total station, and data collection work
- Execute boundary, topo, and construction staking surveys
- Ensure safety, accuracy, and productivity in the field
- Coordinate with project managers and engineers
- Mentor junior crew members

#### ALSO HIRING

- Survey Technicians — Field
- Instrument Operators
- Survey / Geomatics Technicians — Office & Field
- Entry & Mid-Level Survey Support Staff

#### WHY JOIN BARGE

- Multi-discipline engineering & consulting firm
- Long-term Huntsville project pipeline
- Advanced tools and field technology
- Full-time, stable career roles
- Strong safety culture
- Growth and advancement opportunities
- Competitive compensation and benefits

#### LOCATION

Chattanooga, TN — Field-based regional projects
