## **TEL Supports A Hand Up Ministry with Recent Donation**

CHATTANOOGA, TN, NOVEMBER 16, 2023 – Transport Enterprise Leasing (TEL) has donated \$5,675 to support the work of A Hand Up Ministry, which helps men and women get “back on their feet” after incarceration, alcohol addiction or drug abuse, said Jeff Berger, chief information officer for TEL.

The faith-based charity primarily serves the tri-state area of Georgia, Tennessee and Alabama. It works in conjunction with Freedom Celebrate Recovery in Trenton, GA, to offer a number of services including a residential recovery program, parenting classes, financial planning assistance, life skills instruction and Hope House Café and Gift Shop, which provide job training and support for women in the residential program.

“Part of the mission of our company is to support faith-based charities that improve the communities where we live and work. We are pleased to contribute to A Hand Up Ministry, which is doing so much to turn around the lives of so many,” said Berger of TEL.

Rex Mayo, founder and director of the charity, said, “Thank you TEL for partnering with us to give broken, hopeless people in our community a hand up to a better life! You are making a difference!”

A Hand Up Ministry is a nonprofit 501c3 tax-exempt organization founded by Rex and Tammi Mayo.
